2019 DUES INCREASE

Consistent with the Fairbrae reserve study and long term financial health, we are scheduled to increase dues in 2019. As you know, costs for all services in the Bay Area are increasing and we are planning for the increased cost of operations while looking at savings opportunities.

Once a dues schedule has been decided on, we will announce the plan for Annual Pre-Pay. Please stay tuned!

WINTER MAINTAINENCE UPDATE

Here is your (non-exhaustive) quarterly update on some items around the club:

- Deep end pool covers are on order to replace the torn cover.
- Changes to on-site chemical storage have been made to meet compliance with Sunnyvale Health Code.
- Tennis court lighting timer has been updated and replaced.
- Arborists scheduled for November 6th, to allow clearance for Tennis Tower 8. Diagnostics and repairs to follow.
- Tennis Ball Machines are both in need of a little TLC; they will need to be shipped off to Burbank, CA for a little vacation at their home factory. Don't fret if they go missing for a few weeks!
- The main pool pump motor has been replaced! We got 7 years out of the last one (general life expectancy for these motors is 4-5 years)!
